

Finding Magic by Erin Finney

Are you looking for magic?
It's everywhere.
See how a kestrel
Hovers in the air;
Watch a cat move:
What elegant grace!
See how a conker
Fits in its case.

Watch a butterfly come
From a chrysalis,
Or a chick from an egg -
There's magic in this;
Then think of the
Marvellous mystery
Of an acorn becoming
A huge oak tree.

There's magic in sunsets
And pattered skies:
There's magic in moonlight -
Just use your eyes!

If you're looking for magic
It's easily found:
It's everywhere,
It's all around.
